## County Saves \$50,000 With Own Insurance

by Jon Thompson

Crawford County saved \$50,000 to \$60,000 in the last three years after joining a self-insured group of other counties and large townships.

"It's the best program to come along in years," Crawford County commissioner John Miller said of the Michigan Management Risk Authority (MMRA).

The MMRA allows coun-

ties and townships to insure themselves against personal damages and liabilities at a far lower rate than coverage by insurance companies.

Besides the large savings, Miller said the service from the MMRA has been great. Questions about coverage are handled promptly by telephone and claims are processed without a lot of paperwork.

"They also constantly work with us to keep our ac-

cidents and problems down," Miller said. The MMRA has conducted seminars with the sheriff dept., ambulance corps, and other county personnel. Claims have been reduced about 75 percent since Crawford joined the MMRA.

Crawford County can receive dividends from MMRA for good safety records and the county can also earn interest on money it puts in the MMRA fund.

Along with joining the MMRA, the county cut insurance costs two years with a thorough audit. Miller said the audit helped straighten out the county's insurance needs saving about \$19,000. Some of the biggest savings came in insurance classifications of county employees. The audit found some clerical workers were being charged the same high-risk insurance rate as sheriff deputies.

## '83 Budget Tops \$2 Million

More than \$2 million in county revenues will be spread around 58 departments or services during 1983.

The largest expenditure in the '83 budget is \$381,122 for appropriations. More than half of the funds lumped under appropriations (\$191,737), go to the senior citizen center and public transit. The county collects revenues from the two special millages for the senior center and public transit and then passes the money out under its heading of appropriations.

Other appropriations support the Grayling airport, district health care, mental health services, and child protective care.

The next largest expendi-

ture for '83 is \$285,681 for the county sheriff dept. As with most other counties, providing police services for the county is a major expense.

The third largest expenditure is \$185,849 for building and grounds. A \$59,000 payment for the county building, a \$24,000 heating bill, \$18,870 telephone bill, and \$17,000 electric bill is included under building and grounds.

One of the largest increases in expenditures from 1982 to 1983 among the 58 departments occurred in the judicial system as district court, circuit court, and friend of the court costs rose about \$35,000. Revenues from all three departments are expected to jump also to

offset most of the increases.

The sheriff dept. shows an increase from 1982 to 1983 of \$43,000 in expenditures but that's misleading. The coun-

ty lost a federal and state 55-Mile program that contributed \$57,000 last year. The county picked up some

LOTS OF LAUGHS—The elementary students parading down Michigan Avenue last Friday had as much fun as the parents and spectators watching them. E.T. costumes were probably the most numerous of the new

costumes appearing this year. Traditional costumes such as clown suits, bum outfits, and soldier uniforms were out in force and the elementary teachers had as many entertaining outfits as the children.

## Cason, Wieland, Mattis, Welser, Joyce Winners

Incumbent Democrat Grover Cason defeated Republican challenger Gary Willoughby 1824 to 1792 for a county road commission seat in the closest race in Crawford County in Tuesday's election.

In the county clerk/register of deeds race, Democrat Elizabeth Wieland defeated Republican Nancy Krey 2134 to 1652.

In county commissioner races, three write-in or sticker candidates lost in their bids for seats.

In District 4, incumbent Larry Mattis defeated write-in candidate Earl "Ted" Johnston 432 to 57.

In District 5, Don Welser defeated write-in candidate incumbent Walt Nowak 321 to 131.

In District 7, Garland "Bud" Joyce defeated last-minute write-in candidate John Medler 377 to 147.

A Grayling Township proposal to build a township hall was defeated with a 1199 no vote to 388 yes.

A complete run-down of county election results will appear in next week's issue of the Avalanche.

## Fred Bear Buys Grayling Bow

World-famous archer Fred Bear - founder of the Bear Archery Company which has made hundreds of thousands of bows - traveled to Grayling recently and bought, of all things, a bow.

Bear, up from Gainesville, Florida, current home of Bear Archery, on a hunting trip to Rose City, visited Bob Smock at the Old AuSable Sporting Goods store in Grayling and wound up buying a bow. Bear purchased a Tamerlane wood recurve bow built in the early 70's when Bear Archery was located in Grayling, and he said as he walked out the door it looked like he traveled 1200 miles to buy a bow.

Bear, who celebrated his 80th birthday this year, is said to have done more for archery and the sport of bowhunting than any other man alive.

## Nursing Home Construction Before Winter?

Construction on a \$2.3 million nursing home could start before winter depending on the weather and re-zoning of the site.

A hearing on re-zoning a five-acre site from commercial to residential to allow for construction of the 120-bed facility is scheduled for Nov. 29 by the Grayling City Council. The proposed site is located on a wooded lot behind AuSable Manistee Realty, Federal Savings, and Wendy's. The site is also bordered by I-75 and the railroad.

Site plans call for leaving most of the trees and plant-

ing rows of shrubs and trees to buffer the five-acre site from highway and railway noise. One of the selling points of the site is its easy access to shopping centers.

If the zoning change is approved and the weather remains good for building, contractors are hoping to get as far as putting a roof up before heavy snow and low temperatures arrive.

The single-floor facility will have four wings in an X shape for patients rooms. Most of the patient rooms will be for two persons with a few rooms designed for single person use.

## GHS Presenting "Heaven Can Wait"

The adventures of a prize-fighter who takes a rain-check on Heaven take over the stage of the Joseph Stripe Auditorium on Friday and Saturday evenings, November 19 and 20, when the Grayling High School Players present the Broadway comedy hit, "Heaven Can Wait." The original play by Harry Segall, which inspired the movies "Here Comes Mr. Jordan" and Warren Beatty's "Heaven Can Wait", will be shown to local audiences these two evenings at 8:00 p.m. at Grayling High School.

Senior George Morse plays Joe Pendleton, an uneducated, goodhearted young boxer, who is supposedly killed when the plane he is flying crashes in mid-flight. His celestial escort (freshman Kevin Reynolds) and Mr. Jordan (junior Paul Gust), an arch-angel in a business suit,

discover at the heavenly way station that Joe was not scheduled to die, and they seek a substitute body for him.

He agrees to temporarily occupy millionaire Jonathon Farnsworth's body, following the tycoon's murder by his wife Julia (junior Shelly Leal) and his confidential secretary Tony Abbott (sophomore Damon Thayer).

Joe attempts to help Bette Logan (sophomore Kim Stockton) out of a financial scandal which the original Farnsworth engineered, and in the process, falls in love with her. Meanwhile, he contacts his old manager, Max Levene (junior Troy Haag), convinces him of his true identity, and insists on training for the championship fight.

When the persevering Julia and Abbott murder Farnsworth for the second time, Joe's plans run amuck. But Mr. Jordan reappears to help solve matters.

"Heaven Can Wait", directed by Nancy Lemmen, of the G.H.S. Spanish Dept., is being partially funded by the Crawford County Arts Council. Tickets, which will go on sale soon, can be purchased for \$2.50.

of the programs this year - thus the increase in expenditures listed under the sheriff dept. - but the overall monies available for deputies and road patrols decreased because of the loss of the 55-Mile program.

The largest increase for a single service in the 83 budget is payments to state hospitals for county patients. Payments are expected to

increase from \$23,475 to \$40,000.

Overall, county expenditures and revenues increased about \$133,500 in the '83 budget from '82 figures. The commissioners adopted a '83 budget approving \$2,191,367 in expenditures. They chopped close to \$190,000 off original budget requests from dept. heads and county officials to arrive at the final budget figure.

From Our  
Corner ...

Our Corner is going to be a might skimpy this week as we try to get it started Sunday afternoon while we wait to see if there will be any trick or treaters out tonight and there is nothing to do about the election but to wait the returns Tuesday night... we're glad we never attempted to become a politician...right about this time we are sure we would come up with ulcers...we did try politics once, and that was a few years back...we were appointed to the City Council to fill a vacancy, when the term was up we ran for re-election and won for a four year term... following those four years we had enough and didn't seek re-election...it's better to be on the outside and watch the progress of an election than be on the inside wondering if you are going to be retained as an elected official...

Jack Alef, President of the Grayling State Bank, has announced a plan to fly the American flags of veterans who received them through serving in the Armed Forces in any of the United States conflicts on Veteran's Day on the law of the Bank on Michigan Avenue...through Mr. Alef's efforts there will be a color guard and firing squad from the American Legion and Michigan National Guard personnel...more on this appears on the front page in "It's News Here"...

We had a letter cross our desk last week concerning the Crawford County Public Transit, better known as Dial-A-Ride, and the fact that there is a possibility the funds from the State of Michigan, and the Federal Government will be discontinued for the continuance of service...we do not know too much about this, but at the present it is, in our opinion too early to be concerned...we have a general election Tuesday and many of those who would be voting on such a measure may become lame ducks... we believe there has been nothing better for Crawford County than Dial-A-Ride...and if we are not mistaken, these public transit conveyances came about during the oil crunch...for us, before we take on any issues, we will wait for the outcome of the election when we will know who will be our representation in Congress, Senate, and our State Representative in the Senate and our Representative...

Last week we received word from two of our readers (they don't belong to our family) that told us not to discontinue Our Corner...now that we are assured we have six readers we will try to continue taking up our space in the Avalanche, even though we have been told why do you even attempt to write a column...and there are many times we wonder the same thing...

We understand that Irv, the retired railroad man has me on his list to sell an ad in the Rotary Club Minstrel Book for this year...and for the life of us we cannot understand how come he hasn't been in...one thing is certain he is not bashful when it comes to selling anything...we now will expect him in, say like Wednesday afternoon or Thursday morning...would you believe, after we typed the above message about Irvin, he came in the office Monday morning and no way are we going to start over...time is the essence now, but we may add, he did sell us an ad after taking up about a half an hour...

We just heard some good news...the Leprechaun just happened to come through the back door and told us ol' Hookielou arrived home Monday, and is at home, with limited visitation...we will be stopping by Hook, even just to say hello...

This takes care of this week's turkey...just have to say goodnight to T.J., Stefany and Amber...and to all our readers have a pleasant weekend...

## The Bible Speaks

From Calvary Baptist Church

Israel's  
Future Assured  
Romans 11:1

Since the attack upon Jerusalem by Titus in 70 A.D. and the subsequent dispersion of the nation of Israel, both the world and the churches have generally been characterized by disbelieving in a future for Israel. That great historian Arnold Toynbee called Israel "a fossil civilization" because it did not fit into his neat theories about the rise and fall of nations. Theologians blinded by centuries of Jewish dispersion and no national identity, refused to believe the literal promises of God to the nation of Israel. They applied the Old Testament curses to Israel in a literal manner, and then spiritualized or explained away God's promises of future blessings upon Israel by calling Israel and the Church the same thing. The restoration of Israel as a nation in 1948 proved a lot of Bible scholars and doctrine books wrong. Just because God waited 2,000 years to fulfill part of His promises to Israel, did not call God's integrity or the integrity of the Bible into question. It did prove man's lack of faith in God.

God elected Israel in the past, Romans 9. Israel has refused individual responsibility to receive God's grace, Romans 10. Now in Romans 11 we shall see God's response to Israel's future. The question of Romans 11 is asked and then

immediately answered in Romans 11:1. "I say then, Hath God cast away his people? God forbid. For I also am an Israelite, of the seed of Abraham, of the tribe of Benjamin." Verse 1. No! God has not rejected Israel. One proof of this is His work in the heart and life of the apostle Paul. Paul as an individual Jew characterized his whole nation. His salvation pictured the salvation of the entire nation at a later date. Paul hated Jesus Christ and Christians. He actively sought out and killed Christians. Paul was saved while on his way to Damascus to persecute Christians. A sovereign God blinded him and overpowered him with His grace. At the revelation of Jesus Christ at the close of the Great Tribulation period, the Jews shall behold him "whom they have pierced", and the nation shall repent and accept Jesus Christ as their messiah in one day. Read Zechariah 12:9-13:9. Also Revelation 1:7.

The verse to memorize to fully understand Romans 11 is verse 25. "For I would not, brethren, that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that blindness in part is happened to Israel, until the fulness of the Gentiles be come in." (adv.)

Pastor Barnett

**Diabetes Clinic at Mercy Hospital**

Free Blood tests to help detect diabetes will be offered by Mercy Hospital, Grayling Wednesday, Nov. 10 and Thursday, Nov. 11 from 1 p.m. to 3 p.m. each day. The testing will be conducted in the Long Term Care Facility Lounge.

The testing is part of a joint effort of the American Diabetes Association, Michigan Affiliate and 180 Michigan hospitals and health centers during Diabetes Detection Week, November 7-13. The tests are open to persons over 18 years of age who have not previously been diagnosed as diabetic.

An estimated 240,000 persons in Michigan have diabetes and do not know it. Persons who run a high risk of developing diabetes are over forty, overweight, and related to diabetics. Health professionals recommend annual diabetes testing for these individuals.

Diabetes is a serious disease that is a major cause of heart attack, kidney failure, blindness and death. The symptoms of diabetes, when present, may include frequent urination, abnormal thirst, unusual hunger, rapid weight loss, itching, fatigue, blurred vision, and slow healing of cuts and scratches.

For best results, a meal high in carbohydrates with large amount of starches and sugars should be eaten two hours before the test.

A person planning to take the test after lunch could have soup, a sandwich, cake or pie, and a glass of milk. The meal should be eaten within a 15-minute time period and nothing else except water should be taken before the test.

If the test indicates that a person may have diabetes, he will be advised to see his own physician for further evaluation.

This screening test and the recommended high carbohydrate meal are not appropriate for persons who have been told that they have diabetes.

Mr. and Mrs. John Wilcox attended the Housewarming held for Gene and Julianne (Wilcox) Andrews on October 10 at their new home at 4010 Hall Road, St. Johns. Having lived in a trailer on Parks Road for 7 years they bought a two-story converted school house shared by them and their 20-month-old son, Nicholas Adam. Also attending from Grayling were her sister and family, Mr. and Mrs. Gerald Hoesli, sons, Aaron, Timothy and Jeffery, and grandmother, Mrs. Edna Lazarowicz.

Mr. and Mrs. John M. Wilcox, Jr., spent the week of October 18-24 in Gainesville, Fla. with their family, A.J. and JanEl (Hatfield) Wilcox and new daughter, Heather Renee. A.J. is employed at the Harris Company as a quality engineer in Palm Bay. While in Florida they made a memorable trip to the Kennedy Space Center, a day at Silver Springs with a glass-bottom boat cruise, a trip through an antique car collection and a jungle cruise. In a pond within a block from the Wilcox' they were able to photograph a 4 1/2 foot alligator sunning itself. They also visited Warren and Helen Hatfield at Gainesville, and in Newbury with John's sister and family, Mr. and Mrs. Floyd Williams and children. A.J., JanEl and Heather drove his parents to Orlando for their flight home.

## Democrats Lose Reapportionment Battle In U.S. Supreme Court

Warren M. Hoyt, Executive Director, MPA

Democrats have lost their challenge of the recent legislative reapportionment plan in the U.S. Supreme Court but said they will be looking to a Democratic governor and control in the Legislature to rewrite the plan.

The nation's highest court turned down an appeal, 7-2. Four justices were needed to even bring the question before them for consideration.

Only justices John Paul Stevens and Harry Blackman said they would hear the appeal while the majority, in standard language, said the case did not involve a "substantial federal question."

Justice Sandra Day O'Connor had previously refused to upset the reapportionment plan for the 1982 election.

The plan was drawn under guidelines established by the state Supreme Court which required Senate and House districts to respect county boundaries while permitting a maximum population spread between the largest and smallest districts of 16.4 percent.

The plan is generally believed to favor Republicans, but Democrats are looking to regain the control of the Legislature on the heels of continued recessions in the national and state economies.

With a Democratic Legislature coupled with a Democratic governor (should James Blanchard win the general election) for the first time in 20 years, the reapportionment plan could be redrawn by the new Legislature and put in place before the 1984 general election.

A. Robert Kleiner, Democratic co-chair of the now defunct Commission on Legislative Reapportionment, said "I am really shocked to see (the Supreme Court) depart from one-man, one-vote standards."

"It makes the election this year even more important to elect a Democratic Senate, House and governor. That will assure we can adopt a new reapportionment plan closer to equal population."

He said he was surprised the appeal was not supported by Justices Thurgood Marshall and William J. Brennan Jr., who are considered two of the most liberal members of the court.

Republican Party Chairman Mel Larsen called the action good news, but disagreed with Kleiner's assessment.

"I don't think they're saying as much about one-man, one-vote as about the state's rights. The (state) Supreme Court outlined very carefully their rationale for deviating from that standard — county lines, integrity of local boundaries, etc. There's not much reason to find a flaw."

He also suggested the Legislature would have a very difficult time drawing a new reapportionment plan, because the Supreme Court retained control.

The court declared the apportionment commission unconstitutional, because it was not controlled by standards for drawing districts.

It adopted a plan drawn under its standards after the Legislature failed to agree to plans. It said its plan would apply to this election, but Justice Charles Levin and John Fitzgerald, in supplemental opinions, also said the Legislature would be controlled by the standards used in drawing the adopted plan.

Both Republicans and Democrats will be closely watching the upcoming election results, not only for their most immediate interests, but also for who has control to retain or change the current reapportionment plan drawn after the 1980 census.

## RSVP Mail Campaign

Sherry Haag,  
Director

The annual mail campaign of the Retired Senior Volunteer Program is being conducted beginning the week of November 1. Over 4,000 letters are being mailed to residents of Crawford County and Roscommon County.

The Retired Senior Volunteer Program is in its 10th year in Crawford County. Over the past 9 years there have been 154,242 volunteer service hours provided by RSVP. Recipients of those volunteer hours have been the Historical Museum, Hartwick Pines, the public schools and libraries, 4-H offices, Chamber of Commerce, Senior Citizen Center and Mercy Hospital, to name a few.

The Senior Volunteer also serves with the American Red Cross, COOR Intermediate School, Lovell's area (Fire Dept., Douglas Park, Cheerful Givers, Hook & Trigger, Lovell's Extension) and Community Services. RSVP volunteers are not paid, but transportation is arranged when needed, accident & liability insurance is provided.

The Retired Senior Volunteer Program is an ACTION program for anyone 60 and over. Locally the RSVP is sponsored by the Crawford County Comm. on Aging. The program offers the volunteer a meaningful role in the community, a chance to serve with interest, dignity and significance. Agencies and non-profit organizations that provide services to you receive over 25,000 hours of volunteering a year from RSVP.

The RSVP budget for the 10th year is \$39,230. Through the federal agency of ACTION, \$25,639 is provided to this grant program. On the local level, we are committed to raise the remaining 30%. All but 1/3 is secured through in-kind contributions of office space, equipment, and supplies. The actual cash amount to be raised is \$5,000 which averages out to \$3.00 or 25 cents a month from approximately 2,000 households within Crawford County.

All of us look for the most value for our money. There is none better than an investment in the RSVP program which guarantees 100% return on every \$1.00.

The continuation of the RSVP programs depends upon the success of the financial appeal letter. In these days of budget cuts, more and more agencies are turning to the experience and knowledge of the Retired Volunteer for help. RSVP needs the communities financial help to continue serving the very community from which it receives its support.

## Grayling Elementary School News

### Fifth Grade Invades Kirtland

October 21, the fifth graders went to Kirtland Community College. First we went into the auditorium and Mr. Ingleson, Dean of Students, talked to us about what we were going to do. We split up into four groups. The group I was in went with Joyce Brunelle. First we went to see the library. Mrs. Karpicki told us about it. She told us that there were from 38,000-40,000 books in the library. Next we went to the art center. Mrs. Denyas showed us around. Then she took us into the ceramic room. She showed us that if the clay got too thin it would flop over. In the art room she told us she would give her kids a compound word and they would have to make up something doing with art.

The next department we went into was the biology room. There we saw a lady dissecting a cat. She was going to be a nurse. Next we went to the beauty room. There they were fixing people's hair and wigs. We went to the automotive room last. There we saw cars they were taking apart. We also saw that if the garage door was going down and somebody was under it all you would have to do was hit it hard. Last but not least we ate and we got free milk from Kirtland Community College.

By Paula Nunn, 5th grade. Thanks to all who made the trip to Kirtland so enjoyable.

## Vikings Face Old Foe In New League Setting

Grayling will face an old foe Friday but in a different setting.

Grayling and Onaway used to battle in the old Northern Lower Michigan League, and one of the last memorable encounters between the two on the football field came in 1969 when Onaway spoiled Grayling's bid for an undefeated season with 14-12 win. It was the only loss that year for Grayling who captured the league title.

This year Grayling will travel to Onaway in their first rematch since Onaway joined the Michigan Huron Shores Conference this fall. The Vikings will be trying to end their season on a winning note and improve their 1-7 mark. Onaway is 5-3 for the year.

Last week, Grayling missed an early scoring opportunity and the offense regretted it the rest of the night in a 21-0 loss to Charlevoix.

On Charlevoix's first possession Barcie Cross intercepted a pass and returned it 15 yards to the

Rayder's 15 yard line. Jim Hill and Jeff Kea ran the ball down to the one-yard line before Grayling self-destructed. On second down and one to go for a touchdown, Grayling picked up a motion penalty. On the next play, they picked up a clipping penalty. A quarterback sack left Grayling with a third and 30 yards to go. Two incomplete passes later Charlevoix got the ball back.

The green and white defense continued their good play and held Charlevoix scoreless until the middle of the third quarter. And then the score came when Charlevoix picked off a Grayling pass and ran it in.

The defense finally yielded in the fourth quarter letting in two touchdowns — one in the last minute.

"In the scoreless first half we played the best defense

we have all year," head coach Bill Klinger said. "The hitting was unreal. Our kids really played solid defense."

Grayling's fine defensive effort was led by Greg Helsel, 15 tackles, Jim Hill, 10, Joe Riddle 9, Jeff Kea, 8, Mike Hickey, 8, Dave Martella, 7, Barsie Cross, 7, Kevin Wakeley 5, Bob Keene, 4, George Morse 3, and Mike Petrie 3.

The defense was on the field most of the game as Grayling punted 7 times and couldn't sustain a drive. The offense only gained 75 yards on the ground and 60 in the air. The offense also turned the ball over 4 times with two interceptions and two fumbles.

The Grayling J.V. team lost 30-22 to Charlevoix to put their record at 5-3 going into their last game of the year Thursday against Onaway.

# Girls Stay In League Race

Grayling nipped Boyne City 45-44 for their third straight league win last Tuesday.

The Vikings dropped a 61-49 decision to Cheboygan Thursday but remained in the running for the league title when Petoskey lost again. Petoskey and Gaylord are tied with 8-2 marks with St. Ignace 7-3 and Grayling 6-4 behind.

Grayling played Gaylord Tuesday and faces St. Ignace next Tuesday at home.

Against Boyne, Karyn Reynolds sparked for the Vikings scoring 18 points and shooting 8 for 8 from the free throw line. Reynolds currently leads the Michigan Huron Shores League in free throw percentage.

Heidi Bendig added 12 and Kris Laudenslager hit for 10. Jenny Riker had 2, Joyce Stevens 2, and Celina Eshenroder 1.

"When we have three players in double figures we usually win," head coach Tom Mills said. Both teams played an intense game Mills said, and the battle wasn't over until Laudenslager hit two free throws in the last minute to put Grayling up by 3 points.

Boyne was ahead 32-31 at half and the game was close all the way.

"It's good for the team to win a tight game," Mills said.

Cheboygan went ahead of Grayling 29-22 at half and pulled away in the third quarter by 15 points. Cheboygan beat the Vikings inside and out rebounded them.

Laudenslager scored 16 points and grabbed 13 rebounds. Bendig, Riker, and Joyce Stevens scored 6 points each. Mills said Stevens played a good defensive game as well.

Reynolds added 5, Wendy Savallisch had 3, Joan Stevens 2, Stacey Wolcott 2, Michelle Barber 2, and Lisa LaMotte scored 1.

The J.V. team ran their record to 13-2 beating Boyne and losing to Cheboygan 45-42. The J.V.'s were down by 20 points to Cheboygan, who gave the J.V.'s their only other loss, and came back despite shooting only 13/92.

## Grand Madam Visits Here

October 21 was a red letter day for Grayling Eagles Auxiliary No. 3465, when Grand Madam President, Doris Anderson, of Minneapolis, Mn, was an honored visitor to our club. She was accompanied by Madam State President Barbara Cyphers of Michigan Center and Madam State President-elect Mary Mauro of Madison Heights. State trustee Arlene Glennie of Alpena Lodge No. 1241 was present along with other members of that club.

Gifts were presented to the Grand Madam President and the state officers from the Grayling Auxiliary and a cash gift from all the Michigan Auxiliaries was presented to the Grand Madam President. Our guest of honor gave a very interesting talk relating her experiences as a member of a three generation eagle family.

Dinner was served at 5:30 to the members and guests representing the auxiliaries of Gaylord No. 1823, Cheboygan 1282, and Traverse City 383.

Our regular meeting was held at 7:30 p.m., during which five new members were initiated into the Grayling Auxiliary, they are Helen Williams, Helena D. Vinnard, Shirley J. Palmer, Stella K. Suess and Patricia A. Laurence.

Our next regular meeting is scheduled for November 4th at 7:30 p.m. Remember also, we host the District meeting, Sunday, Nov. 7, so plan on attending.

## Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

I am not absolutely sure whether I saw a star-nosed mole or not, but it is possible since the habitat was right. In Michigan we have two kinds of moles, the common garden variety and the star-nosed. Both have soft, short, velvety fur and an apparent lack of eyes and ears. Both have front feet which are well adapted for digging. The star-nosed mole is common in swampy areas but is seldom seen so, for that reason, I am not sure if I did in fact see one.

The star-nosed mole has a fringe of twenty-two fleshy feelers surrounding its nose which, according to two sources I have, are used for detecting food. The other end of this five-inch long critter has a tail which is longer than in other moles. The tail is unusual in that it becomes thick and red during the breeding season which is thought to be during the winter.

The star-nosed mole prefers a mossy bog or a wet marsh to dry land so it is at home in the water. Nevertheless, a considerable amount of food is needed daily (some one and a half times its own weight) so a lot of tunnel digging is done. It has been estimated that if a man had the strength of a mole, he could in a single night dig a tunnel thirty-seven miles long and wide enough to let his body through. The bulk of their food is made up of worms, insects, crabs and snails, which are the goals of all that day and night digging.

### Changing Dunes

Sand dunes can form behind an impediment, or as the result of a wind current. Once formed, dunes can grow, change shapes, and move with the wind, even serving as the "mother" of new dunes, National Geographic says.

### THANK YOU

After another stay in our wonderful Mercy Hospital, I would like to thank everyone for the great care that I received. A special thanks goes out to Dr. Blaha, Dr. Henig and Dr. Rosi. A big thanks to the ambulance crew and the police department, a thanks to the clergy and the members of my family. The many get well cards and plants were wonderful. Now for the nurses and nurses aids in the Intensive Care Unit and the second floor, you are the greatest.

May God Bless all of you

**GRAYLING ELEMENTARY SCHOOL**—Friday, October 15, 1982, Mrs. Bovee's class had a substance abuse program with Mrs. Ann Stephenson and Sgt. Paul Smith. They talked with us about drug abuse. We had two films about people using drugs, being lonely by using them, and what kinds of drugs they use. We have this program every other Friday. In this program we mostly play games and watch movies. They showed us different drugs, for instance, fruit salad (a mixture of drugs), marijuana, LSD, cocaine and heroin. They also sniff gas and paint thinner. Pictured above is Mrs. Ann Stephenson. By Heather Willoughby and Jennifer Naour, 5th grade.

### Sweet Adelines

This last weekend I attended my first Sweet Adelines Regional Meeting, held on Oct. 23 and 24 at the Hyatt Regency, Flint, Mi. Being a new member of the Mid-Mitten Chapter, I didn't know what to really expect. I've learned that being a Sweet Adeline takes a genuine interest in music, people and 100 percent effort in rehearsals.

This weekend proved to me that as individuals we are special ladies, as a team we put out as much talent and energy as well studied professionals. The electricity and pride I felt in the atmosphere of every corner in the Hyatt gave me the incentive to grow with the organization.

I was always sold on the good traits of being a member, now I saw the results first hand. I'm looking forward to the future performances I'll be involved in. Bringing entertainment to others while enriching my life is the best reason women from 16 to 80 can succeed to Harmonize The World.

Thank-you Mid-Mitten Chapter!!! by Nancy A. Young

If you love to sing four part harmony too, come and visit us every Tuesday evening at the United Methodist Church in Houghton Lake Heights at 7:30 p.m. We hope you will come.

Communications were received and noted.  
From M.M.L. re: Legislative Bulletins.  
Old Business

The status of the proposed Nursing Home project was discussed by the City Manager. He noted that a Public Hearing on a re-zoning for the property has been set for November 29, 1982 at 8:00 p.m. Site plans were presented for Councils review.

Mr. Morford presented the bill for the 1981-82 Fiscal Audit. The invoice from Hill, Woodcock & Distel was for \$5,600.00 in accordance with the contract.

Motion by Golnick, supported by Sloan that the invoice be paid. Ayes: 5. Nays: 0. Absent: 0, motion carried.

The City Manager reported that the 1982 Street Construction is almost complete. He presented contractor's estimate No. 3 in the amount of \$45,805.07 and recommended approval and payment.

Motion by Sabin, supported by Golnick that contractor's estimate No. 3 from Searles Construction be approved for payment. Ayes: 5. Nays: 0. Absent: 0, motion carried.

The City Manager noted the up-coming November 2, 1982 General Election. The accuracy test is scheduled for October 26, 1982 at 3:00 p.m. in the County Building.

Discussion of sidewalk construction along Michigan Avenue from Erie to Galen Street took place. The City Manager has examined the area. A 5' wide sidewalk would cost approximately \$5,000.00. Of the \$5,000.00 budgeted for sidewalk construction we have already spent \$1,600.00. Mr. Morford recommended waiting until spring, because of frost problems at this time. Mr. Golnick remarked that he feels that this would be a wise expenditure of \$5,000.00. Council agreed that construction should wait until spring and that before spring the various questions about location, planning etc. would be discussed.

Mr. Morford reported to Council that, in spite of being informed by the State that the October Single Business Tax remittance would not be made, we have received this State Revenue Sharing payment totaling \$55,738.00.

The City Manager reported that he has ordered the presentation copies of "Keys to the City" as requested by Council. He has placed an order for 10 to be received on approval.

The City Compensation Commission has again been notified of the need to meet during the even numbered years by the City Manager. They are to meet in early November.

The subject of Halloween Trick or Treating was discussed. A request was received from the Crawford County Board of Commissioners, Crawford County Sheriff, and the School Superintendent that parents be asked not to allow their children to go door to door on Halloween. The reason for this is the recent rash of poisonings which have occurred. It is believed that, at least for this year "Trick or Treating" should be eliminated to protect the health and safety of the community children. Mr. Reynolds had also indicated that if area persons would contribute to and support a school function to replace Trick or Treating the school would hold such an event.

Motion by Sabin, supported by Latuszek that the Council recommend to community parents that they not allow their children to celebrate Halloween in the usual manner of Trick or Treating and to have children attend a school or church party. In addition a donation of \$100.00 will be made to the Crawford AuSable Schools for funding such a party. Ayes: 5, Nays: 0, Absent: 0. motion carried.

Mr. Morford reported that Milltown Tool & Engineering has applied for an Act 198 Tax Abatement. A Public Hearing has been set for November 29, 1982 at the Regular Council meeting.

Reports of Councilmen

Ms. Latuszek reported that she had received a copy of the Housing Commission Audit. She read the auditor's recommendations which were made as a part of the Audit.

Mr. Sloan reported on the last meeting of the C.C. Transportation Authority. Mr. Sloan was elected chairperson.

Reports of City Manager. Mr. Morford reported on the following:

Possible insulation and heating renovation of the City Garage to be discussed later.

Motion by Sloan, supported by Golnick that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 8:30 p.m.

Jerry W. Morford  
City Manager & City Clerk

## Attend the Church of Your Choice

## I DON'T NEED TO GO TO CHURCH

Yes, I'm one of those seventy-five million Americans who are not members of a church.

Saturday and Sunday are the two days of the week I like to devote entirely to relaxation and recreation. Why should I spend an hour or so in church?

I try to live straight—to put in a full day's work for my boss, to get along with my neighbor, to bring up my children in the proper way. As long as I'm trying to live respectably, why do I need to go to church?

There is an answer, my friend. Since the beginning of history, you and millions like you have been trying to run your lives and this world of ours by your own knowledge and strength. You've said you didn't need help. But human experience declares that you have failed. The past has left us an ugly picture of cruelty and bloodshed, of hate and crime. The present finds us on the edge of fresh disaster—of devastating war on the outside and moral decay from within. This is the tragedy of man's proud attempt to live without God.

You need help—help beyond the pale of human resources. You need the love of God that empowers a man to live a good life. You can find this love only in your place of worship—in fellowship and communion with Him. He is in His Church—forgiving, loving, strengthening, giving men the courage and power for right living.

### Chamber Sponsors Homemakers Holiday Show

The Grayling Regional Chamber of Commerce will present the second annual Homemakers Holiday Show on November 20 at the Holiday Inn.

Once again homemakers from Crawford and surrounding counties will be able to tour the many exhibits and get ideas for Christmas gifts as well as holiday decorations. Mrs. Norma Naour, chairperson of the show, said that many merchants and craftsmen who participated last year will sponsor exhibits. She noted, however, that there is ample space for other participants.

The show, which will run from 1:00-9:00 p.m. will feature demonstrations hourly. Some demonstrations already set for the program include: Quick Canvas Painting, Tole Painting, Ski Waxing and Care, Table Top Floor Tile Mosaics and Easy Christmas Gifts to make. Musical entertainment will also be a feature of the show this year. For the youngsters, Santa will be making an appearance. A turkey drawing will provide a lucky family with the main course for Thanksgiving or Christmas.

Merchants can make reservations for exhibit space by calling the C of C at 348-2921 or Mrs. Naour at 348-6481. Merchants will be charge a nominal fee for exhibiting but there will be no admission charge for homemakers.

### CARD OF THANKS

A friend is a wondrous thing to have,  
An earthly prayer come true,  
And daily I give many thanks  
That I have such friends as you.

A special thanks to my niece and her husband, Mr. and Mrs. Bob (Cindi) Graham of Petoskey for their flowers, gifts and daily visits during my surgery.

A very special thanks to all the co-workers at the Chief Shoppenagon's Hotel, my boss Arnie, and also to the customers I love to serve, and my many friends for their prayers, cards, flowers, and my very special gift - a money tree.

A special thanks to my dear friend Ethel Parkinson for her friendship and love. Special thanks again to all of you while I was a patient at Little Traverse Hospital, Petoskey for one week.

May God Bless All of You  
Miss Burnis Meech
